

Load Cell Tester

Model: SST1

The SST1 load cell tester from Load Cell Central is an economical, portable handheld tester. It is battery powered and packaged in a small, rugged enclosure. The user-friendly menu navigation allows for ease of use on the job site or in the shop. As an alternative to the multi-meter the SST1 saves time by producing multiple testing results. Simplicity and versatility make this tester highly desirable.

Features

- ✓ Supports 4 or 6 wire load cells
- ✓ Simple menu navigation
- ✓ Resistance checks used to evaluate load cells accurate to 0.03%
- ✓ Portable
- ✓ Battery powered (2 x AA)
- ✓ Real time reading in percentage of full scale (% of FS)
- ✓ Body and Shield connections allow insulation resistance tests up to 10MΩ
- ✓ Cost-effective

Specifications

<i>Specification</i>	<i>Value</i>	<i>Unit</i>
Accuracy	0.03	% of FS
Bridge Testing Output	5	Volts
Insulation Resistance Voltage	5	Volts
Load Cells Powered	1 x 350Ω	Ohms
