

Foam logo and Foam Font

The only manufacturer of special CNC modeling machine

Inventor of new methods in modeling and molding

Inventor of new industrial painting methods

arsindecor

The first and largest designer and manufacturer
of advertising and industrial models in Iran

8th international exhibition MIDEX Architecture-Interior Design-Modern House
14th International Exhibition of Advertising Marketing & Related Industries
15th international exhibition of Transportation & Urban Services
25th Printing, Packing & Related Machinery Exhibition
15th International Exhibition of Advertising Marketing & Related Industries
24th Printing, Packing & Related Machinery Exhibition

◆ Unpainted and dyed foam

Unpainted and dyed foam is produced in two thicknesses of 2 and 5 cm. In this material, the design is installed on a background in layers. Foam models are very suitable for making logos. You can use these models in the design of exhibition stands and interior space of companies.
