

# 11/10/10 RM Motor

## Key Features

- *Powerful and dependable design*
- *Torque rating of 100 Nm*
- *Disengageable limits for easy installation*
- *High strength 30 mm round steel shaft*
- *Full line of compatible mounting brackets and accessories*

The 11/10/10 is a 2-1/2" tubular motor that is hard working and dependable as required for heavy duty rolling shutters and small rolling doors. The 11/10/10 has a net torque rating of 100 NM or 885 inch-pounds and a 10 rpm turning speed. As with all other Elero motors, the 11/10/10 motor features an automatic conical brake system for reliable, quick breaking and secure lifetime holding. The 11/10/10 series Elero motors unique disengageable limit switches that permit motor rotation without the need to worry about exceeding the range of turns.
