

# Plastics Welding Hand Extruder

## Specifications

Welding rod	mm	3, 4
Temperature range	C	RT...350
Hot air temperature	C	Up to 600
Hot air flow	l/min	350 & 550
Hot air power	W	2000
Main motor power	W	1050

● Included ○ available/optional

- Digital temperature controller
- Suitable for PE and PP
- Training video
- Korean temp controller
- German hot air tool
- Belt type heating resistance element
