Weighing module for 110 kg ... 4.4 t

Special features

- Equipped with load cell HLCB class D1 or C3, qualified for legal for trade applications according to OIML R60
- Compact installation at minimum installation height
- With stay rod
- Self-restoring due to pendle bearing
- Two versions available:
 - Galvanized material
 Stainless steel (preferred types)
- With anti-liftoff device and lifting device
- Ex protection versions as per ATEX, IECEx, FM (US) and EAC (optional)

Placing orders

When placing an order please specify the ordering numbers from the tables. If you need other versions (accuracy classes, explosion protection, other cable lengths or materials, etc.) for the available products, please look in the overview "HLC/M-Modules (incl. load cell HLCB...), optional versions" on the next page. You can generate a specific ordering number there from your individual requirements.
